TO WHOM IT MAY CONCERN

“THANK YOU” is not at all sufficient and not the best suited word to show our heart felt gratitude to Mr Hirosh Gamag and his staff at AMS for the efforts they made to make our dream of migrating to Australia a reality.

When I first applied for my skills assessment I got a negative out come. But with the guidance and assistance of Mr Hirosh Gamage I manage to apply for a review and got positive out come. He gave me proper instructions as to how I should get the detailed syllabus from the Chartered Institute of Sri Lanka which enables me to get a positive skills assessment from NIA.

There after during my visa application process also Mr Gamage was extremely helpful to us. When ever we had a problem or issue he was there to assist us. Add to that he being in Sri Lanka has helped us tremendously in sorting out all our issues and problems. Mr Gamage managed to get our visa within a very reasonable time.

Recently we migrated to Australia and today we are very happily settled down in Australia.

I wish to take this happiest moment of our entire life to give our heartiest thanks to Mr Gamage and his dedicated team at AMS for making our dream a reality. I also wish to state that I do not hesitate one bit to recommend Mr Gamage and AMS as the best migration service provider in Sri Lanka to any person who wishes to migrate to Australia.

Thank you once again and wish you all the very best for your future!

Thushantha & Chamila Liyanage
