

Dear Dilu & Hirosh (& AMS Team)

We write with regards to the recent success in have a positive outcome of our visa application for skill migration to Australia.

Firstly we take this opportunity to thank you and your entire team for providing us with professional advice and guidance to achieve this milestone in our lives. We are grateful for your untiring efforts and meticulously executing all challenges in a timely manner. We are surprised to have this entire process completed within a short span of time (4months) and it wouldn't have been possible if not specially Dilu's highly professional promptness in all areas.

It is important to place on record the professionalism & service standard of your staff in all areas of concerns. We have met one agent (AMC) in the past and had very less success and often ended being disappointed. However, our experience working with you both were beyond explanations. Your subject knowledge, understanding of our requirements and positive attitude were some of the attributes we found to outstanding.

Consequent to the above, we shall be more than happy to testify your services to anyone who is aspiring to migrate Australia and require your services.

Once again, we thank you both for all your support and advices and wish you best of success in all your future endeavours.

Looking forward to working with you again, probably after two years.

Sincerely

Roshani & Kevin La-faber
